

KEELER COMMUNITY SERVICE DISTRICT

Special BOARD MEETING

Minutes (Draft)

Thursday, July 30, 2026, 6:00 p.m.

Join Online Via Zoom:

Meeting ID

844 5205 9867

Passcode

362123

In-Person Location:

Firehouse and Community Building

165 Old State Hwy

Keeler, CA 93530

Board members in attendance were: Noah Bricker, Christy Lambert, Bailey McRoberts and Karen Riggs. Public in attendance were Hans Hoek, John Dukes and Lucette Poulin.

1. The Meeting was called to order at 6:14 pm.
2. Christy Lambert was sworn in as a Board Member of Keeler Community Service District Board of Directors.
3. In a 4-0 vote, the KCSD agreed to recommend placing an air-quality monitoring station at the Keeler well site installed and maintained by the Owens Valley Tribal Community Air Monitoring Collaborative. The community-scale air quality monitor network spans Owens Valley measuring particulate matter, ozone, nitrogen dioxide, wind conditions, temperature, and humidity. Information gathered from the monitor would be available online in real time. Karen made the motion. Bailey seconded it.
4. In a 3-0 vote (Christy Lambert abstained) the KCSD Board agreed to recommend paying for Christy Lambert's Water Operator classes, costing approximately \$572. She is taking Operator and Distributor classes simultaneously. This request will be passed on to Provost and Pritchard. Karen made the motion. Noah seconded.
5. Board of Director Reports

Bailey McRoberts discussed the recent/ongoing leak on Malone. There is an old copper line from the main (4" AB asbestos concrete) to the service box at Danny Zukaitus'. The copper line failed and is in the process of being replaced by McMor. John Bowden is excavating.

Karen Riggs noted that the 16 cents overcharge on water bills was a mistake and water customers will be reimbursed. Golden State water assumed that the water rates would rise automatically to \$55 in a graduated increase.
