

PROVOST & PRITCHARD CONSULTING GROUP

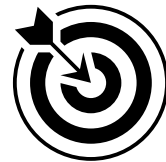

Safe Drinking Water for Keeler

Provost & Pritchard (P&P) technical consultants have been appointed and funded by the State Water Resources Control Board to manage the Keeler Community Services District (CSD) water system. P&P is working in the best interest of the community to ensure the water system delivers a sufficient supply of *affordable, safe drinking water*.

About the Administrator Program

- Funded through California's Safe and Affordable Funding for Equity and Resilience (SAFER) program
- Appointed by the State Water Resources Control Board
- Focused on small communities in need of assistance
- Administrators may be individual persons, businesses, non-profit organizations, local agencies, and other entities

The goals of the Administrator Program are to create a path to clean, safe, and affordable drinking water, establish public engagement, and create long-term solutions.

Why was Keeler assigned an Administrator?

- *High arsenic and manganese levels*
- *Technical and managerial expertise*
- *Financial assistance*

Stay up-to-date on your water system by signing up for our email list, and add yourself to the emergency notice contact list by visiting our website <https://keelercsd.specialdistrict.org/> or by scanning the QR code.
